## AE Dashboard 08/19 Update

| Strategic Purchasing  – Scientific Supplies | Current Status  
(identify recent engagements, deliverables, etc.) | What’s Next  
|---|---|---|
| MRO Supplies | • Updates on computer bundles, MRO and office supplies were presented at the Financial Managers Meeting on Aug 13.  
• The MRO team met to review and test options for standardized natural paper towels and trash can liners. The team is also working towards standardization for green cleaning chemicals, air dryers, toilet paper and lamps.  
• The team continues preparations to transition this project to the business owner, including draft charters for standards teams, control plans and communications tools. | • Continue to refine the data collection plan that will measure changes in campus purchasing behavior for the relevant product categories.  
• Continue to develop a marketing plan to promote Preferred Products to campus.  
• Housing to continue to pilot aqueous ozone cleaning system.  
• Build a financial model for measurement of cost savings related to the team’s decisions on standardized MRO products.  
• Refine product standardization recommendations for the paper towel and trash can liner product lines. |
| Computer Bundles | | |
| Office Supplies | | |

| Email & Calendaring | Current Status  
(identify recent engagements, deliverables, etc.) | What’s Next  
|---|---|---|
| | • The Technical Advisory Group (TAG) met on Aug 15 to provide perspective on the timing for rolling out addresses in the new university default email format (firstname.lastname@wisc.edu).  
• Preparations are moving forward to open a preview environment this fall. This plan will provide migration partners and others an opportunity to test the system with various clients and generally prepare for migration. | • The Steering Committee will be presented with an updated Implementation Plan during the week of Aug 19. |

| Data Center Aggregation | Current Status  
(identify recent engagements, deliverables, etc.) | What’s Next  
|---|---|---|
| | • The team will be presenting initial recommendations for a governance structure and aggregation roadmap to several campus groups this week, including the VCFA directors, MTAG and the Steering Committee.  
• Several team members are engaged the Centers for Disease Control and Prevention (CDC) Select Agent security audit, a process through which they will both share and gain insights. | • Refine the draft facilities cost models with subject-matter experts from the Madison Budget Office and FP&M.  
• Plans are underway for additional presentations and updates on the project deliverables.  
• The team plans to present final recommendations to the Steering Committee in October. |

| Instructional Space Utilization | Current Status  
(identify recent engagements, deliverables, etc.) | What’s Next  
|---|---|---|
| | • Charters for a new implementation project and a pilot program were presented to the Steering Committee in late June.  
• The team reports and recommendations were presented at the June UAPC meeting. | • The AE project team will determine next steps for implementing the recommendations of the Space Utilization Committee.  
• The APR staff will work with the Space Management Office and other stakeholders to develop a transition plan for implementation of the new inventory process. |
