| **Email & Calendaring**       | - Charter drafted; ready for approval  
- Team members are being populated to the team in preparation for a kick-off meeting in mid-August  
- Project managers have been assigned: Lynnette Gerstner (DoIt) and Dan Koetke (APR)                                                                                                                                                                 |
| **Data Center Aggregation**   | - Team members are being populated to the team  
- Charter drafted; ready for approval  
- Project managers have been assigned: Brian Goff (DoIt) and Dan Koetke (APR)                                                                                                                                                                           |
| **Instructional Space Utilization** | - Charters are drafted for the Instructional Space Utilization Review Process project and the Instructional Space Inventory Data project, two of five projects identified in next steps; ready for approval  
- Charters were reviewed with the business owners in FP&M, Space Remodeling Policy Committee, Enrollment Management and Office of the Registrar  
- Changed project name from Classroom Space Utilization to Instructional Space Utilization based on feedback                                                                                                                                 |

### Wave 2 Project

#### Enterprise IT Decision Making Current State

**Team meeting on Tuesday, July 31st**
- Refined conclusions in final report drafted in preparation for presenting to the Advisory Committee on August 16th

#### Enterprise IT Decision Making Future State

**Team meeting on Wednesday, August 1st**
- Revised team schedule and established a timeline for the remainder of the project
- Held a broad discussion about benchmarking and the method for collecting information from other institutions

#### Policy

- Work continues on revisions to final documents; the role of the Advisory Committee was removed from the policy process
